Spacious
Parking Lot
Now Ready

VOLUME 19 — NUMBER 17

BELLE GLADE, FLORIDA NOV. 26, 1959

SINGLE COPY - 10c - SUBSCRIPTION - \$3.00 PER YEAR

Parking facilities for the Shopping center are nearly completed, according to Alex Karakakis, building supervisor, who said he hoped to view the finished 250-car parking lot sometime next week.

Built for the accommodation of W. T. Grant Co. and Diana Shop, customers, the spacious parking area is now available for use by all Belle Glade shoppers.

Karakakis said the lighted asphalt area would be fenced with three openings provided, two on 2nd St. and one to the alley west of the shopping center. The lot contains some 8,000 feet of parking area.

Karakakis said the schedule would be maintained if rains didn't put a stop to the work of completing the cyclone fence. He said he would be leaving the city at the completion of the parking lot, and would not return until the remaining section of the shopping center was leased and ready for construction.

He firmly stated that no definite agreement had been reached on who would occupy the remaining portion of the building.

Conflict Seen
Over Engineers
For South Bay

South Bay Commissioners learned last week that formal contracts with the engineering firm of Russell & Axon could not be completed until some conclusion could be reached with other engineering firms, Smith & Gillespie, of Jacksonville.

According to City Manager Lawton E. Caruthers, the Jacksonville firm claims they have a contract to do all of South Bay's water improvements. City Attorney Claude Jones was instructed to write to the firm explaining that the letter sent in 1956 definitely stated when and how the agreement would be terminated, and that those provisions had been fulfilled.

The council moved to direct back a section of ground 226 by 80 feet on SR 80 originally given to the city for Fisher Park. Reason given for the action was that no agreement could be reached by the council with the Fishers on the final facilities at the park.

In other action, Caruthers said, the city learned through audit records since 1950 that

Glades Men Attend

Twenty-Year Review Of Soil Science

Four scientists from Everglades Experiment Station will present research papers at the 20th annual meeting of the Soil and Crop Science Society of Florida which begins at Gainesville at the University of Florida College of Agriculture Nov. 30.

Several other staff members are also expected to attend, according to Dr. W. T. Forsee, Jr., Chemist-in-Charge. Theme for the conference is 20 years of progress in research, teaching and extension in field crops and soils.

Dr. R. V. Allison, fiber technologist at Everglades Experiment Station, secretary-treasurer of the crop society, said several notable visitors from other universities and regions will be in the program, among them Dr. W. H. Allaway, plant pathologist with La. Railroad Co., La. Lina, Honduras. He will present his latest knowledge on nematodes during a symposium on nematology in the tropical and sub-tropical zones of the western hemisphere.

Season's Biggest
Week Of Crime
Reported By Police

In addition to recording the first fatal traffic accident of 1959, Belle Glade police witnessed their busiest week of crime incidents for the fall season, according to Police Chief Charles Goodlett.

Charles P. Shank, 48, of Tampa, was killed when his car crashed into a home on E. Palm Beach Rd. The story will be found elsewhere in this issue.

Wayne L. Smith, 22, died of injuries received in a fall from a building on S. W. 6th St. while he worked on a roof.

In addition, police discovered one man dead, apparently of natural causes in a 6th St. building and investigated a string of breaking and entering cases which began Nov. 18, Goodlett said.

An eye witness spotted three Negro boys in the act of breaking into C. M. Vann's Dept Store on S. W. 5th St. early on the morning of the 18th. They were frightened off with a flashlight. Sgt. Art Falden investigated.

Early Nov. 21 a man broke into the Royal Palm Cafe on S. W. 4th St. and was in the process of breaking into the juke box when a witness entered the back door.

The subject escaped, he was later apprehended and positively identified. He was Leon Williams, now held for the crime. Falden and Patrolman H. G. Dunlop investigated.

Two-Story Fall
Fatal To Worker

Last rites for Wayne Lawrence Smith, 22, of South Bay, will be held at Thomaville, Ga., following his death early Tuesday morning at a West Palm Beach hospital as a result of injuries sustained in a fall from a two-story building at Belle Glade Monday morning.

According to the police accident report Smith was taking gravel from a hoist atop a building at 328 S. W. 6th St. An employee of Glades Roofing Co., he was helping lay the roof. The hoist, operated by F. A. Betts, accidentally struck an electric power line.

The shock apparently caused him to lose his balance, and he tumbled onto a pile of trash on the ground. He received emergency treatment at Belle Glade Memorial Hospital before being taken to West Palm Beach.

Smith was a native of Madison, Fla., and came to Belle Glade about a year ago from Thomaville, Ga. He was affiliated with the Nazarene Church on Nov. 10, 1960 until completed. These dates roughly would halt work during the peak of the spring harvest and Easter season. The council informed Lee that the city had already planned such a schedule.

In other action the council: Tabled a recommendation from the city manager to change the parking scheme on South Canal St. (W) for further study.

Tabled a request from Belle Glade Post Office which would allow them to anchor mail boxes in the sidewalks. The council said they wanted more information.

Commissioners Promise Quick Action
On New Fake Sales Laws For City

Belle Glade Commissioners Tuesday heard two more requests from the Belle Glade Chamber of Commerce Merchants' Division and agreed on prompt action for both requests before jumping off into a two-hour session.

Subcommittee Chairman Dave Lee presented a letter and copy of a West Palm Beach bankruptcy sale ordinance. The letter explained that the merchants wanted some teeth in an ordinance for Belle Glade which would prevent so-called fake or misleading sales.

Three similar ordinances were brought to the city commission over a year ago and were tabled because the council thought some of the provisions were too stringent. Most sections of the West Palm Beach ordinance were word-for-word with one of the three tabled ordinances.

Lee was asked to take the ordinance which failed to pass and have the Chamber division study them to make certain they were now suitable.

The other portion of the letter asked that construction of a parking lot on South Canal St. be started no later than January 1960 and cease not later than Mar. 15, 1960, and if not finished then commence again June 10, 1960 until completed. These dates roughly would halt work during the peak of the spring harvest and Easter season. The council informed Lee that the city had already planned such a schedule.

In other action the council: Tabled a recommendation from the city manager to change the parking scheme on South Canal St. (W) for further study.

Federal Housing
Program Will Be
Discussed Dec. 1

An invitation is issued through the press to all contractors, real estate men and financing organizations in Glades, Hendry, Okeechobee, Martin and western Palm Beach County to attend a conference at the Belle Glade Country Club on Tuesday, December 1st at ten o'clock to discuss a new plan of FHA to facilitate the securing of FHA mortgages in those areas.

Those who can qualify as FHA appraisers and inspectors are also asked to attend, as local men will be appointed to these positions, after furnishing qualifications to Mr. Henry, the FHA home office. Mr. Henry will be among the FHA officials present at the December 1st meeting.

The Federal Housing Authority has indicated an aid known as the Certified Agency Program for the particular benefit of the smaller communities where the securing of FHA loans has been impractical heretofore.

Under the CAP, local appraisers and inspectors will be appointed by FHA to service applications in their own smaller communities; a certified mortgage, such as the Everglades Federal Savings and Loan will process the FHA applications using the local appraisers and inspectors and then FHA will insure the loans.

Realizing that the FHA is not now reaching a great number of potential home owners due to the lack of facilities in smaller communities, this program has been worked out and is now being initiated in selected communities. The western part of Palm Beach County, Martin, Hendry and Glades will operate under the Miami office. Okeechobee will operate under the Tampa office.

The amounts are payable quarterly in advance, and amounts are figured on ratios to population in the three cities. Board members are representatives of the three cities, C. R. Wetherington, Pahokee, Walter Ashley, Belle Glade, and Henry Elfers, South Bay.

Income from sale of lots was estimated at \$4,775 with \$7,798.30 on hand. Contributors from cities will total \$4,958.50. Pahokee's share of that amount will be \$1,735.48 and South Bay will pay \$386.67.

Woman Is Injured Friday
Car Demolished By Tree

A Belle Glade woman was seriously injured Friday night when the car in which she was riding went out of control and struck a tree on SR 80 one-half mile south of Belle Glade city limits, according to the Glades Deputy Sheriff's office.

Mrs. Barbara Tryon, Cartwright, 19, was admitted to Belle Glade Memorial Hospital; however, the driver of the car, Norman Martin, 20, was not hurt.

The sheriff's report states that Martin attempted to pass a car, but cut back to his right because of on-coming traffic. The car sideswiped a tree and struck another, demolishing the car.

Arrested for reckless driving, he was given a suspended sentence of \$25 or 15 days by Peace Justice Mrs. Aleese Cherry Tuesday.

Small Claims Court Date

Second session of the Small Claims Court in the Glades will be held Nov. 30 at 10 a. m. in the auditorium of Glades Office Building with Judge F. A. Curcio presiding.

Court day was changed to avoid conflict with Thanksgiving, however, subsequent small claims hearings will be set for the last Thursday in each month for all cases heard in the Glades.

There are 34 cases on the docket this time. Cases to be heard for the next session, Dec. 28, should be filed no later than Dec. 9, Mrs. Mae Pope, Glades office manager said.

Wow!
Rams Down Devils 25-21
In Exciting Football Battle

Belle Glade High School's Golden Rams won the pre-Thanksgiving football contest with Pahokee's Blue Devils Wednesday night at Memorial Field in a game punctuated with crashing blocks and booming tackles. The 25-21 Ram victory won them Memorial Trophy, and Bobby Staton their season with three wins and seven losses. Belle Glade has won the cup seven times; Pahokee eight. There have been two ties.

It left the scrappy Pahokee team with a 2-8 record. It was the last Suncoast Conference game for both since enter the Palm Lake Conference in 1960.

Three touchdowns in the third quarter, one on a thrilling 96 yard run by John Chamblie, who was injured before the game, and another six points in the final quarter proved just enough to win over the Blue Devils who saved seven points in the second, third and fourth quarters.

Two minutes into the second quarter the Rams started a drive on their own 36. Sparked by two Chamblie of 32 and 17 yards the Rams drove to the Pahokee eight, and Bobby Staton plowed through for the TD. Jim Maxwell blocked the extra point try.

Pahokee drove from their own 39 to the Ram 30, then Quarterback Henry Holt tossed to Benny Baxter through three Ram defenders, for the first Pahokee score. Baxter added the conversion.

Chamblie took the following kick-off near his 15 and dropped back before running all the way with the aid of excellent team blocking.

Minutes later Ken Martin covered a Pahokee fumble on the Devil 13. Three plays later Claude Robinson caught a Char-

MAKING BIG NEWS is the city's recently completed sewage treatment plant which completes its first 60 days of operation Dec. 1. The uniqueness of the plant, among others, make our city's plant newsworthy to "The American City" magazine. Engineering Editor Elroy F. Spitzer (second from right) visited the plant Friday to obtain information for a forthcoming article about Belle Glade. Providing information for the article were (l-r) City Manager C. B. Talmadge, James Moon, plant operator, and Mayor Paul Davidson.

Magazine Article Planned

Engineer-Editor Visits Treatment Plant

Early next spring the City of Belle Glade will receive national recognition when "The American City" magazine issues a picture story on the city's sewage treatment plant, according to Elroy F. Spitzer, engineering editor of the publication.

Spitzer was at Belle Glade last Friday gathering information and taking pictures of the plant. News of the city's efforts to get proper sewage works will receive national publicity through the magazine's circulation of some 32,000. The magazine reaches practically every city in the United States with populations of 1,500 or more.

The magazine also reaches readers in Europe, South America and Spitzer said, copies of the magazine are available in Moscow, USSR!

The publication reports on all city functions outside of education and health, the editor said. Stories provide other cities with a picture of what is going on around the country and serve as an exchange medium for ideas.

Spitzer said Belle Glade's system was unique in that it cities of similar size seldom have such adequate facilities. An activated sludge type treatment plant treats sewage better, he said, and few small cities have such good facilities.

Spitzer talked with the sewage treatment plant operator and other city officials to learn about the engineering and administration of the plant.

FPCA Loan Volume Up More Than 32%

The volume of loans outstanding in the 84 production credit associations in the Third Farm Credit District is 32.4% greater than one year ago, according to Chas. B. Long, Jr., General Manager of the Farmers Production Credit Association of South Florida.

Long, who has just returned from the meeting of FPCA Executive Committeesmen held in Orlando, Florida, reported that the greater portion of the increase in loan volume throughout the District is due to the increased volume of intermediate term loans for capital purposes.

Dr. H. B. Clark, Professor of Agricultural Economics, University of Florida, was guest speaker and spoke on "Credit Implications in Outlook for Florida Agriculture."

Reports made by R. A. Darr, president of the Federal Intermediate Credit Bank of Columbia at the meeting indicate that the production credit associations are in sound position and in spite of the tight money situation will be able to provide their farmer-members with constructive loans.

Mr. Darr further reported that the 84 FPCAs in the District will lend approximately two hundred million dollars to their members during 1959.

Mrs. Rosa Nash Thrilled With Visit To Her Native Country Of Honduras

Mrs. Nash tells of an adventurous week to her native country which she left at the age of three.

"I doubt that I could ever find the words to describe the beauty of the vast wilderness and ruggedness of the country of Honduras! Maybe it was because in the back of my mind I knew it was the country where I was born—maybe the ruggedness, high mountains, breathless valleys all intrigued me after spending the better part of my life in the flatlands of southern Florida."

The Hondurans think flat country is a sight to behold—I thought the same about the mountainous ruggedness of Honduras."

Thus Mrs. Rosa A. Nash described Honduras and the territory which she and her mother, Mrs. Mary Susan Doh, of LaBelle, visited last week for the first time in 42 years.

Mrs. Nash was reported as dazed, the exact reaction to that of Rip Van Winkle's. Very few old landmarks were left in Tegucigalpa, the capital. It was only in the smaller villages where they visited with friends and family that the past was unchanged. Time there had only changed its inhabitants.

There is only one north-south highway in Honduras, and it was travelled by taxi to get to the southernmost tip by the way of a dirt road of about 60 miles took about two hours to travel, and even that ride

Too Late To Classify

By Russell Kay

The December issue of the Reader's Digest carries a splendid article by Ben Lucien Burman about our Seminole Indians. I liked it particularly because from my personal experience with the Seminoles and knowledge of their character and customs, I found that the author's story entitled, "Florida's First Families, the Seminoles," was authentic.

Florida has reason to be proud of her Indian population for they are a fine people, proud, honorable, gentle and peace loving. In 1925 it was my privilege to visit a number of Indian villages deep in the heart of the Glades in company with the late Stanley Hanson of Ft. Myers who was then Indian Agent.

Hanson spoke the native tongue of both the Cow Creeks and the Miccosukees, the two tribes that make up the Seminole Nation. A stranger does not find it easy to get acquainted with the Indians unless he comes properly introduced by someone the Indians know and trust.

In his article, Burman tells of the Indian's deep respect for all forms of life and I can personally vouch for this. As a member of the Indian Trail blazers in 1923, our party with two Indian guides, one of them a high ranking medicine man, arrived at the head of the Turner River to find a pool alive with moccasins snakes. One of our party killed a large snake and the Indians were so disturbed that it was all Stanley Hanson could do to pacify them.

He finally made them understand that the White man is ignorant of the Indian's philosophy and in killing the snake did not mean to break a traditional law or offend.

The Indian reasons that he has no right to harm the wild creatures of his domain except to obtain food. He tells you that they were there first and it is their home and before even the Indian came. He explained that the Indians do not fear the snake for he is their friend and if they mind their business, he will mind his.

To prove this one of our guides offered to put on a demonstration for our benefit. Then he walked among those crawling snakes on the bank of the pool

and watch and set them on a stump several hundred yards from camp and offered to bet any of us that they would be there in the morning or the following month provided no White man happened along.

Following Indian trails through the Glades you will occasionally come upon a thatched roofed shelter. Here you will find a good supply of salt and

a string of dried venison. Any traveler is welcome to use the salt or venison if he needs it and make use of the shelter, but if he does so he is obligated to replace what he may take.

If you would know more about the Seminoles, I certainly recommend Ben Lucien Burman's article in the December Reader's Digest. You will find it interesting and authentic.

Not one made a pass at him. They simply wiggled out of his path letting him pass unharmed. They call the rattlesnake a "sheer slide down thousands of feet into a valley..." all the driver needs is a foot of the horn and if an oncoming car is on the other side of that invisible curve he is supposed to back off. It didn't work one time and "I found myself breathless with fear," but the cab driver took it all in his stride and said "it paid to be a careful driver." All of this of course was in Spanish since he didn't understand English.

Apparently there is no sacredness to live service in the smaller villages. My mother had sent a wire to her sister telling her to meet us in Peppine, the next nearest town to the place where they were (it is inaccessible by car as yet) and the whole town knew that Mary Susana Doh was looking for relatives, and the whole town was standing on its doorways looking for the "gringos" and to see what they looked like. It was really amusing to be called a gringo.

All the relatives remembered Mrs. Nash as a small child, but all the older relatives and friends remembered Mrs. Doh and particularly remembered Mr. Doh. There in that land where titles don't come easy, he was always known to relatives and friends as "Don Ben-erique." They remembered him in spots even when Mrs. Doh was not remembered.

We had the pleasure of sighting all over the very modern capital. They have the traffic situation licked—all one-way streets, ride like mad, and just don't run over a policeman. They direct traffic at busy intersections. They had mercury vapor lights, all goods for sale seem to be imported, and the two visitors hunted and hunted before they could find some native-made mementos to bring back.

The open market for the poor was a terrific sight, and perhaps the most eye-catching were the gorgeous flowers for sale. They brought back two dozen Calla lilies with 3-foot stems and blooms in cases measuring six to eight inches in diameter, and they were bought for 25 cents per dozen.

A visit was made to the President's palace built to resemble old feudal palaces in miniature with the most gorgeous collection of solid mahogany furniture and fixtures ever seen. A visit was also made to the House of Deputies which was in session. This was the most modern building ever seen and just breath-taking in design.

The National Post Office was a must on the list where the Postmaster General (his equivalent) was paid a visit and he insisted on sending the ladies in his private car with chauffeur, to the American Embassy. The mail service and post card system and mail-flo was explained, and although simple in comparison to the US service, it is very effective and service is very fast.

There was more, but said Mrs. Nash, "I'll be talking about it for the rest of my life. Needless to say I didn't forget Belle Glade. I just happened to have a color folder from the Chamber of Commerce and I just had to show it around. The people there almost wore it out looking and they were completely floored by the vast flat fields and growing vegetables. I think the vastness of it was beyond their comprehension. How do they farm? Just as far up the side of sheer cliffs, or down the side of valleys, as the eye can reach. Don't ask me how they accomplish it, but they do."

Lions Hear Rev. Straner

Rev. Ed Straner, pastor of Northside Baptist Mission was special speaker at the Wednesday luncheon meeting of the Belle Glade Lions Club at the municipal court building.

The speakers message stressed that Thanksgiving should be a year-around affair, not just on Thanksgiving Day.

Joint Thanksgiving Service 9:30 A. M.

A cooperative Thanksgiving service is set this morning at 9:30 a. m. at the Community Methodist Church jointly with the Everglades Presbyterian Church.

The high school Glee Club will sing under the direction of Miss Merry Texter as well as one of the choirs of the Methodist Church. Miss Becky Hill will take the part of a young lady of the Old Testament day to tell the story of the "Feast of the Booths" and Miss Ann Murray will represent a young lady from Pilgrims days.

The meaning of Thanksgiving will be told in their own words by Rev. Robert W. L. Foster, pastor of the Methodist Church and Dr. W. T. Forster, Jr. There will also be congregational singing of Thanksgiving hymns.

The services are open to anyone desiring to spend an hour in Thanksgiving to God on this day.

Florida Baptist Campaign Planned Against Drinking

At its recent convention Florida Baptist leaders made plans for a more vigorous campaign against drinking gambling and indecent literature.

Speakers pointed out that last year Florida residents and visitors consumed 59 million gallons of beer, four million gallons of wine and more than eight million gallons of taxed whiskey, spending more money thereon and creating more alcoholics per capita than any other state. No records were available for moonshine or untaxed liquor sales but indications are it was substantial.

Rev. Jack Eppes, head of the United Christian Action, an organization sponsored by Baptists to work for a better moral climate, told the 3,000 delegates present that Florida's 4,400,000 residents consumed more than any other state more than any other state more than any other state.

"This alcoholic degradation," he said, "equals an investment of close to 500 million dollars." This alcoholic degradation, he reported that Florida's 17 dog trucks are more than in the rest of the nation combined, to the about the First Thanksgiving.

The delegates voted to urge all churches of Florida to join the 1,300 Baptist churches in a fight against the "tragic spirit" of economic and social problems now slowly but surely destroying our state."

Chinese Christians Subject Of Circles

The Clara Circle of the women's Missionary Society of Christian Service of Community Methodist Church will be held Dec. 1 at 3 p. m. at the church. The Clara Circle will be in charge and the program topic will be "On A Light for the Nations."

Thanksgiving Day Message

By Rev. E. M. Straner

Thanksgiving Day is here again, and the words of Psalm 107:8 ring in our ears: "On that morning we would praise the Lord for His goodness, and for His wonderful works to the children of men."

It is good for us to thank God for the many blessings that He bestows upon us. We should thank God for all the things we so often take for granted. We take for granted the very air we breathe, the sunshine, and the rain, to say nothing of our lives, our families, friends and our health. We have so much to be thankful for in this wonderful nation of ours. God has blessed us above all the people of the world.

Thanksgiving Day is ours again. This is a unique day in that it is both a patriotic and religious occasion. We should come to God with our deepest gratitude for His love and mercy. We should come to Him as the Psalmist did when he exclaimed, "Bless the Lord Oh my soul, and all that is within me, bless His Holy Name."

Let us pause on this Thanksgiving Day and thank God through our Lord Jesus Christ for all the material and spiritual blessings He has given us this past year.

If at first you do succeed, try something harder.
—Ernest M. Ligon.

THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

Giving thanks always for all things unto God and the Father in the name of our Lord Jesus Christ. (Ephesians 5:20).

How good to count our blessings! We need to thank God for all that He has done for us and for our homes and loved ones. We need to say thanks for our churches with their doors open, where we can go and worship.

An old, dear lady told me once that she could not hear a word of the sermon. But she was so grateful to God that she could walk and see. So she found her place in church every Sunday.

We need to say thanks for friends for they know much about us, but love us just the same.

For food, the beauty of the earth, the skies, the lakes, and trees, and flowers, we need to give God thanks.

We need to say thanks for friends for they know much about our faith.

Sometimes sickness is a blessing in disguise. We can thank God for His presence with us in times of illness.

Most of all, we need to thank God for Jesus Christ, for His life here on earth, His sacrificial death and glorious resurrection, and for His daily guidance of our lives.

PRAYERS: Heavenly Father, forgive us for our ungratefulness for all Thy goodness to us. Instill in us the spirit of thanksgiving so that we may be mindful always of Thy daily loving care, as was Jesus. In His name we pray. Amen.

THOUGHT FOR THE DAY

Thinking of God and His blessings leads us to thank Him for them.

Ingeborg Clarkson (New York)

Glades Represented At Baptist Convention

Among those attending the Florida Baptist Convention from the Glades area at Tallahassee Nov. 18-19 were Rev. and Mrs. Edward M. Straner, Northside Baptist Church, Belle Glade, Rev. James Boyd, pastor at Pahokee, Rev. L. C. Woodruff, South Bay and also Rev. U. W. Malcolm former pastor here, now in Jacksonville.

Rev. Hal Hunter, former pastor at Pahokee, presently in Crestview, was elected president of the convention. Among the speakers Dr. J. O. Edmunds, president of Stetson University gave a talk on "Education."

Next year the convention has been scheduled to be conducted at St. Petersburg.

Season of Advent Begins On Sunday

Sunday, Dec. 27th will be the first Sunday in the season of Advent, the beginning of the New Church Year. Hence the subject of the sermon to be delivered in St. Peter's Lutheran Church, will be "The Christian Soldier's Morning Call." "Now its high time to Awake Out of Sleep, for now is our Salvation nearer than when we Believed" The preacher will be the vicar, Rev. Walter Markham as co-hosts at her home on Wedgworth Rd.

Owing to the Thanksgiving Recess, catechetical instruction will be omitted Saturday, Nov. 28.

The children of the Sunday School are meeting every Wednesday from seven to eight p. m. preparing for the Christmas program under the leadership of Mrs. Albert Kruse and Mrs. Beulah Stone.

Churches Of Christ Scientist

How spiritual enlightenment brings protection from evil will be brought out at Christian Science services Sunday.

"Ancient and Modern Necromancy, Alms Memoriam and Hypnotism, Denounced" will be the subject of the Lesson sermon. Included in the Bible passages to be read is Paul's counsel to the romans (12:12): "The night is far spent, the day is at hand; let us therefore cast off the works of darkness, and let us put on the armour of light."

Correlative citations from "Science and Health with Key to the Scriptures" by Mark B. Eddy will include (37:11-13): "At all times and under all circumstances, overcome evil with good. Know thyself, and God will supply the wisdom and the occasion for a victory over evil."

CONSTIPATED?
Medical reports show how folks over 35 can establish regularity

After 35, irregularity often becomes a problem. What you need is a medicine that aids nature and helps establish regularity. Such an aid is regularity to the daily use of SERUTAN. Here's medical evidence: A group of men and women took SERUTAN daily under medical supervision. In case after case SERUTAN, taken daily, helped establish regularity. So, for relief from constipation after 35, try SERUTAN, powder or granular.

BELLE GLADE RECORDED its first fatal traffic accident. Photo by Larrick Studio. 1959 Monday morning when a Tampa man was killed as his car left the highway and struck the Lee Berryhill home on E. Palm Beach Road. Charles P. Shank was pronounced dead at the scene. The porch was torn from its foundation.

First 1959 Fatal Accident In City Car Slams Porch Off Its Foundation

Belle Glade's first traffic fatality of 1959 was Charles P. Shank, 48, who was killed Monday morning when his car left the road and travelled 206 feet strike the porch of the Lee Berryhill residence at 1016 South Canal St. (E) which was 60 feet off the highway.

Investigating officer Lt. V. R. Clark of the Belle Glade Police Department said evidence indicated that Shank had made no attempt to apply brakes, but rather, had apparently accelerated the car.

It was not determined if Shank suffered a seizure of some nature. The death certificate said he died of a fractured neck. Damage to the vehicle was estimated at \$600 while the porch received about \$2,000 worth of damage.

The remains were taken to Tampa for last rites. Shank was a sales representative for Tri-angel Cuddihy, Calumet, and North American Juice Co.

Williams-Wethington Funeral Home was in charge of local arrangements.

Rams Down Pahokee

(Continued from Page One)

Les Tuzi pass for another score. Midway in the quarter Douglas Blanton scored for Pahokee to conclude a 32-yard drive. Baxter added the 14th point. Pahokee held a Ram drive at the 12 in the fourth quarter but failed to move and kicked their own 35.

After drives by Stratton and Roger Walker, Tuzi passed 12 yards to Sidney Pearce at the 10. After three more line plays, Tuzi passed to Ron Hudspeth for another five yards and score. Their point try failed.

Pahokee's final score came after a 70-yard drive with Holt going over from the end-foot line. Baxter added his third extra point.

Ceremonies

Sponsors for Belle Glade, Paula Parson, Sandra Motes and Marilyn Matthews accompanied Ram captains, Lutz and Chamblee and Butch Buss, who didn't play, to the center of the field for the coin toss and introduction to Pahokee's sponsors, Kathleen Wilson and Suzanne Morgan, and captains, Charles Goodson and Johnnie Smith. They also met following the game for the trophy presentation.

Dr. J. Leighton Scott was master of ceremonies and remarked that the trophy was far more than a symbol of victory, but an emblem of sportsmanship and good relations between the two communities.

Pahokee Lions Club President Paul Tillery presented the trophy to Belle Glade Lions Club President W. L. Cunningham, who presented the cup to Head Coach Jim Maynor. Maynor turned it over to the team captain.

Principals Attend Meeting

Glades school principals met Tuesday at Berkshire School, West Palm Beach, for their regular monthly meeting with other county principals and Superintendent of Public Instruction Howell Watkins.

Attending were Mrs. Dorothy Irvin, Osceola School, Mrs. Nelson, Lake Harbor School, Hector Ouellette, South Bay School, Pella Morris, BGHS, and Carl Crawford, Belle Glade Elementary.

Charles Godwin, former South Bay School Principal now at the Glades, was the principal's association.

BGHS Seniors Sell Nuts

Belle Glade High School seniors will be selling pecans to raise funds for their forthcoming trip to Nassau, and the first pecans should be available by the first of next week. About 500 pounds will have been brought from Georgia.

Orders are being taken now by calling Mrs. M. D. Matthews at WY 6-2518 or Mrs. George Young at WY 6-3017.

Tuberculosis will strike about 30,000 Americans this year. The TB association fight spread of the disease through education, case finding, research, and rehabilitation.

TB Campaign Area Chairmen Named

Christmas Seal chairmen for the towns in the Glades have been named by Emmett S. Roberts, County Christmas Seal Campaign Chairman for the Palm Beach County Tuberculosis Educational Association.

Mr. Roberts expressed gratitude to the many organizations supplying volunteers for the Christmas Seal Booths which will open in most areas of the county November 30, the beginning of Christmas Seal Week.

The chairmen are as follows: Canal Point, Mrs. Duke Tucker; Pahokee, Mrs. E. A. Jensen; South Bay, W. C. Allen; Loxahatchee, Mrs. E. D. Kuenzler; Belle Glade, Mrs. Kathryn Swain.

Chairmen for the Negro division, as announced by Rev. J. K. Bryant, County Co-Chairman, are: Belle Glade, Charles McCurdy and Louise Taylor; Pahokee, Rev. O. D. Williams; Glades rural area, S. L. Teague.

Conflict Seen

(Continued from Page One)

The city had lost \$11,000 in the garbage collection department because collection fees didn't cover expenses of the department. A survey was ordered to see what could be done.

In other action the council ordered a street reading ordinance setting up electrical and plumbing code fees; accepted an ordinance on first reading which raised to \$15 the deposit required on water meters.

Passed on first reading an ordinance providing that all trailers parked in the city over 24 hours must be in a licensed trailer park.

Considered action to get a abandoned junk cars out of the city.

Ordered a survey of street lighting to determine how many new lights were needed.

Commissioners Promise

of the Woman's Club to learn what plans had been suggested for a new building at the park.

Granted a waiver of sewer charges for a building owned by Pioneer Motors at the request of Glades Chevrolet Company.

Moved to pay certain bills for construction on S. Ave. E. to C. C. Stockton Co., for water line extension (\$21,298) and sewer (\$5,866.29) and to Russell & Axon for consulting services (\$5.20).

Agreed to draw a resolution urging that the U. S. House Ways and Means Committee not recommend taxing interest on municipal bonds. The action following the reading of a letter from the Municipal Finance Officers' Assn., of U. S. and Canada which stated that the cost of municipal improvements would rise sharply if this tax were passed.

Cuba Lifts Ban On Vegetables

Cuba and two islands in the British West Indies have rescinded quarantines put into effect more than three years ago against the import of fresh fruits and vegetables from Florida. The restrictions followed the discovery at Miami of the Mediterranean fruit fly on April 13, 1956.

The last quarantine by a state against Florida fruits and vegetables because of the occurrence of the Mediterranean fruit fly was lifted early this year.

According to information received by the State Plant Board Cuba's Ministry of Agriculture has notified the U. S. Department of Agriculture of its action revoking the quarantine which went into effect on May 9, 1956. In addition, a communication to the USDA from the Minister of Agriculture and Lands informed that the islands of Trinidad and Tobago had lifted bans placed on the importation of fruit from the United States because of the occurrence of the Mediterranean fruit fly in Florida.

PROCLAMATION

WHEREAS, the ravages of tuberculosis are now being felt in the homes of over 600 Palm Beach County people who are under medical supervision for TB, and

WHEREAS, TB may be expected to strike more of our homes, regardless of race, creed or economic status, and

WHEREAS, tuberculosis costs the people of the U. S. A. more than \$725,000,000 every year - despite the amazing strides now being made, and

WHEREAS, the work of the Palm Beach County Tuberculosis and Health Association, Inc., aimed at preventing the spread of this catching disease, will help bring an end to the economic loss and personal tragedy caused by TB, and

WHEREAS, Christmas Seal dollars are used to teach people about tuberculosis and how it can be prevented, to teach people how to keep well, to help find the unknown cases of TB, to help TB patients return to useful, happy lives and to support medical research, thereby speeding the day when TB no longer takes its toll from the homes of Palm Beach County,

NOW, THEREFORE, I, PAUL DAVIDSON, Mayor of the City of Belle Glade, Florida, urge every Citizen to contribute generously to the Christmas Seal Campaign, which provides the sole support of the Association's year round work, and hereby proclaim November 26 through December 5, 1959 to be CHRISTMAS SEAL WEEK

in the City of Belle Glade.

Witness my hand and seal, this 24th day of November, 1959. A. D.

Paul Davidson, Mayor

Slaughter Prices Lower At Market

Most slaughter classes of live stock sold somewhat lower than the previous week at the Nov. 23 Glades Livestock Market sale where 348 cattle returned \$38,867.40, according to the weekly market bulletin.

Sixty-four percent of the offering sold as stockers, 23% of the run was cows and 37 percent of them went to stocker buyers.

Slaughter classes sold 50 cents to \$1.00 lower except calves which were scarce. Stockers sold steady except cows which were \$30-50 lower.

Slaughter Prices
Steers (42): 5.00-20.00; Heifers (7): 15.00-18.00; Calves (6): 16.00-19.00; Cows (51): 12.00-18.75; Bulls (20): 15.25-22.00.

Stocking Prices
Steers (47): 15.00-20.00; Heifers (68): 14.00-19.50; Calves (70): 14.75-24.00; Cows (30): 11.50-15.00; Bulls (3): 18.00-20.75. Dairy Cows: 13.00-17.50.

Engineer-Elected

ministrative procedures were accomplished and something about the history of the city's drive for sewerage. He was told how the facility was financed by some of the future plans of the city were sketched for him.

Plant Operation

Plant operator James Moon took the opportunity Friday to tell The Herald about the plant's top-rated efficiency. He said the State Board of Health had constantly praised the efficiency of the plant.

The plant processes about 500,000 gallons of water per day and treats the sewage from 199 parts per million when it enters the first treatment process, too, Moon said. One coastal city about 94% waste removal. The State Board of Health considers anything over 85% removal an excellent operation.

Operation thus far has been done in an economical manner, too, Moon said. One coastal city with comparable facilities spent \$4,500 in October for odor control for the rest of the year. Moon said he would obtain better results on less than \$100 for the year because of the type of equipment used.

Odor control both at the plant and at the main lift station has never been a major problem.

This information is one facet of proof of what Editor Spence said about writing the article. "Belle Glade is a small community that not many have heard of, but it doesn't mean the city's asleep!"

November 24 Will's hardware at 303 W. Ave. A was started by breaking the front door glass. About \$77 worth of merchandise was taken, and the police reason the crime took place between 5:30 and 6:40 a. m. between police patrols. Sgt. Földen and Patrolman Jackson investigated.

On the same day someone broke into Lake Shore Elementary cafeteria and took nothing. Sgt. Földen checked this one, too. He also checked on a report of a burglary and entering incident at Belle Glade Elementary School cafeteria where a thief took \$125. Turkey valued at \$1.25.

In each of the entering cases, fingerprints were obtained by Identification Officer George Farnell. Chief Goodlett said the cases were still under investigation.

Miss Emily Bissell, a Red Cross worker, conducted the first American Christmas Seal Sale in 1907 to raise money to fight TB in Wilmington, Delaware. Since then, it has been an annual nationwide campaign.

City's Christmas Season Gets Big Kick-Off Dec. 4

Belle Glade Junior Chamber of Commerce members will join the Merchants' Division of the Belle Glade Chamber of Commerce in a gala pre-Christmas program on Belle Glade streets Dec. 4 to kick off the Christmas shopping season for the city.

Already the Belle Glade Water Department has supervised the stringing of the multi-colored Christmas lighting for Main St. and W. 2nd St. at 6:30.

There'll be a couple of things to see for the kiddies which is almost unbelievable in the Glades! There'll be a snowman building contest with prizes for the most original snowman; and what's more Santa Claus is scheduled to arrive by helicopter.

Hayden Williams Inc. Co. will supply the snow for the snowman building contest, and Ocean Island Sugar Refinery is supplying the helicopter to help Santa make his arrival. Reindeer and sleigh for the jolly old elf were sidelined for equipment repairs (we guess), and anyway, this is 1959! He'll come in style.

There'll be a drawing for four bicycles which will be given away by the Jaycees, then things really get hopping with a street dance on Ave. A from 8 p. m. until midnight.

Other Christmas events include the Christmas Cantata, "Song of Holy Night" under the direction of Mrs. Z. T. Ingram and featuring the singers.

Dancing Highlights Doodle Brent's Party

Miss Martha Lynn (Doodle) Brent entertained at a pre-Thanksgiving party at her home 121 N. W. Ave. F. Saturday night. She was assisted by Miss Sandra Jo Butler and her parents, Mr. and Mrs. Pat Brent.

Between 65 and 70 students from Belle Glade High School, South Bay School and Pahokee High School had a wonderful time during the evening. Guests also enjoyed grilling their own hamburgers, and hot dogs and also had potato chips and Cokes.

Sixteen girl-friends of Doodle's remained for a pajama party. Thus ended a perfectly grand evening.

Railroads Compliment Weeklies

In this community where transportation enjoys an unusual high point-of-origin freight unbending, and where we have seen the loss of business by the railroads because of "the king can do no wrong" attitude of the upper managerial echelon, it is most gratifying to find an "unbedding" and a determination on the part of the railroads to get their share of America's transportation business.

We know that rail transportation is a vital part of our national economy, and particularly a key defense facility - the average American feels this, a majority KNOW this, and, we believe, will root for rails' campaign to re-establish itself to its equitable position in American progress.

Common sense, the idea of fairness of the average American, and certainly modern industrial progress, dictate that "feather-bedding" has become archaic.

The average stockholder and the average railroad worker can get together easily on rules of operation that are fair to both, if the easy-sending, swashbuckling, smooth-handed "delegat" is handed a sledge hammer or a shovel with a clothes pin on his mouth.

We commend the decision to apply modern sales methods, which must carry along improved service and modernization of facilities, and the TELLING OF THESE FACTS.

Editorials

WITH GRATEFUL HEARTS

A New York School boy wrote an essay on "Refugees Thanksgiving," and it was printed in the annual report of the New York City school system. He said:

"I am thankful for opportunity to be educated in America, for enjoying the many privileges unheard of in European countries, for living in a land governed by democracy rather than by force; for a land where youth of all races have a tomorrow, rather than in my native land where youth have no tomorrow. I am thankful that I am happy and free."

Those of us who have never been deprived of democracy's blessings can only attempt to comprehend this lad's pride and thankfulness that he now has something he didn't always possess.

Strange, that only at Thanksgiving and previous few other holidays we pause to reflect on our blessings. How much better we would be if we never once—even for a day—forgot exactly how fortunate we are.

Not since the War of 1812 have enemy boots marched on our continental soil although our nation has been involved in the various major wars since then. That in itself is a point for which we might well be thankful... constantly.

Enumeration of our bountiful blessings would be an endless task. From our vast crop lands which seem to grow despite our weather conditions to the mile-like miles of crops which grow at our knees, and look up to us for love and guidance, we are overwhelmingly profuse in blessings... if we take the time to look at them.

Let Thanksgiving be the beginning of our constant awareness of these blessings, not just a swift moment of meditation before we devour our holiday dinner.

Our Pilgrim Fathers gave thanks at the end of their first year even the deprived of many of the possessions, advantages and blessings, which they once had, they still managed to exist and survive.

Let us give Thanks because we are not victims of similar deprivation.

Fat Stock Show Entries Due Dec. 1

Deadline for entries in the sixth annual Florida Fat Stock Show and Sale to be held during the Florida State Fair, Feb. 2-13, is midnight Tuesday, Dec. 1. The show is sponsored jointly by the Greater Tampa Chamber of Commerce, Florida State Fair, Florida Cattlemen's Association and the Florida Retail Federation.

Only qualified 4-H and FFA members are eligible to compete in the statewide show. A champion is selected from each of these divisions and the two compete for Grand Champion and Reserve Grand Champion of the show. Each exhibitor must own his animal and must have fed and cared for it on his farm.

Because of physical limitations total entries will be limited to 140 steers, with preference given according to grade and type. No animal graded under Good will be accepted.

Last year there were 134 entries, which brought in total sales of nearly \$30,000. The record sale price, for the Grand Champion, was \$2,660, or \$3.60 per pound.

Entry blanks for the 1960 Show are available through county agricultural agents and vocational agricultural teachers. Additional blanks can be obtained from the Florida school of Agriculture and the State Department of Education.

Holsum Again Wins Highest Trophy

Mr. Jordan P. Cash, President of Holsum Bakers, announced that the Holsum Bakers of Miami have once again won the coveted trophy for Holsum Bread.

This W. E. Long Trophy, denoting the highest quality of bread, symbolizes high standards of bakery production. Bakers throughout the United States and Canada compete for this trophy.

The trophy is awarded on the basis of superior quality among brands of bread tested, by a laboratory especially equipped for that service.

Mr. Cash said, "This announcement serves to acknowledge publicly our indebtedness to our men here in the plant who have helped to bring this honor to us again this year."

Uncle Dan From Democrat River Says

November has the honor of being the only month in the year with a "Week" that makes sense. Back in 1955 they started observing "National Long Underwear Week" around the middle of November.

It was about time! A kid that ain't wore his long handles or long johns from October to May ain't been brung up right. I been figgering for a long time that all this virus stuff we've been having the last few years is on account of folks not wearing their long handles in the winter time.

There ain't nothing that can beat 'em for keeping their colds out and the heat in during a rough winter.

Of course, they had to go and choose the pattern a little bit. Instead of making 'em with the flap seat and famous trap door, they're making 'em now in two pieces. I reckon the two-piece kind is better 'n none.

When I was a boy nobody but city slickers went without his long underwear in winter. A feller that didn't wear long underwear was suspicious, chawd.

Beatnik Thanksgiving (Like The Most)

Like man, I dig these Pilgrims. They were a cool force, pip. These history books bug me, because there are unavoidable facts which historians are not laying on our ears.

I man like these beings who were not square, but hip, like in orbit, I man. After this most frigid winter kick, these cats throw this ball, and the gasser had all the trimmings; and they even invited savages, yet! For 12 moons these painted aboriginal creeps fight like crazy to bug the Pilgrims, and the Pilgrims invite them to this ball they are having. Somebody must have been stoned, like out of their heads, probably.

Why the celebration? Pops, these wheels were living! They had no national debt, loud TV commercials, no income tax, no federal aid, soil bank or time payments. Their excess stomach acid wasn't eating up all their handkerchiefs, they had no foreign cars, sonic booms nor cold wars; inflation, strikes, construction, rigged TV stuzzes or Senate probes.

Like maybe they had it made in the shade. I dig this the ultimate. Who wouldn't be thankful, I'm asking you!

Woman Club Enjoys Musical Program

The Woman's Club of Belle Glade was entertained with Mrs. Walter Bamford's program of Folk Music presented at the club house Nov. 18.

An introduction for "songs of the people" was given by Mrs. Bamford and was followed by three numbers: "Skip To My Lou," "I'm Sad and Lonely,"

We Can Use More News

All publicity releases from clubs, organizations or any news items should be turned in to the Belle Glade Herald news department, double spaced in typewritten form if possible, or called in after the news happens. Deadline on church news, Tuesday noon and social, club and school news before 5 p. m. Tuesday.

The signature and telephone number of the press chairman should be listed at the bottom of the release so that further information may be had if needed. Don't forget to include the complete name of the Five W's: Who, What, When, Where and Why; the first names of persons listed and their title.

Miss or Mrs. A married woman's name should be given with her husband's initials or name unless she is divorced or widowed.

Your news is important. We want to give you better service and we want it to be correct.

Teenage Foursome Wins Top State

4-H Project Honors Plus Chicago Trip

Four boys have received top state 4-H recognition for superior achievement in the electric, tractor, beef and swine projects. They will have an all-expense trip to the 38th National 4-H Congress in Chicago, which opens November 23 at the Conrad Hilton hotel. Announcement

was made by Mrs. J. H. Livingston, Jr., president of the club. The winners were Jacky Strickland, 16, of Calhoun county, who was particularly interested when he first began his 4-H electric project. But in a short time this was his favorite.

He has given demonstrations at the University of Florida Agricultural Fair, annual meetings of the Clay County Coop and at local club meetings. Recently, he gave an electric demonstration on the tractor, and his demonstration squad merited first prize at the "College of Electrical Knowledge."

President and Junior leader of the Alachua County Electric 4-H Club, Jacky is also the leader in two other clubs. His Chicago trip will be provided by the Westinghouse Foundation.

A senior at Jay High School, John Woodruff, 17, is an expert on the maintenance and operation of a tractor. Cleaning the air filter daily and making certain that all safety shields are in place, lengthens the life of a tractor, according to John Woodruff.

Last year this capable 4-H'er won the state tractor driving contest for which he was awarded a trophy. In the Eastern Seaboard contest, and a piece of luggage to take along. During the summer, he was a member of the

and "Rock A My Soul" rendered by a Trio from Belle Glade High School.

Miss Merry Texter, music teacher, presented the nine girls and also accompanied them. Annie Powell, Bobbette Crews, Annie Powell, Elizabeth Ramson, Ramona Atkinson, Kay Cross, Paula Parson, Carolyn Rashley, Linda Evans, and Linda Atkinson made up the vocal group.

The next portion of the program was given by square dancers from Mrs. Genevieve Gove's Fifth Grade Room. Participated were Connie Vancam, Jane Zampie, Sue Morris, Janet Campbell, Karen Dettner, Douglas Wedgworth, Herbert Gies, Gerald Garner, Jerry McWhorter and Jimmie Altman.

Completing the entertainment Mrs. Bert Roemer, accompanied by Mrs. Z. T. Ingram at the piano, sang two members, Oh No, John and Shenandoah.

The devotional for the day was given by Mrs. Frank Frazier, assisted by Mrs. Z. T. Ingram. "Thanksgivings" was the theme and Mrs. Ingram sang, "Thank You All Our Lord." At the close of the business meeting, refreshments were served by Mrs. Peter LaChance, Mrs. J. A. Finan, and Mrs. Faye Greer.

Speaking of sarcasm, have you ever listened to a woman telling about another woman's ways with married men?

Reports Heard By Beta Xi Chapter

Beta Xi Chapter of Beta Sigma Phi held its regular meeting at the home of Mrs. Sam Knight. Mrs. Charles Burkett presided.

A report from the executive board announced that Mrs. Ted Roman had been appointed by the president to fill the unexpired term of Mrs. Charles Haines, vice president and Mrs. Robert Davis the term of Mrs. Ray Kent, Jr., as recording secretary.

Reports of standing committees were heard. Mrs. Gressinger announced a bowling party for Nov. 21 at the Tropiana in West Palm Beach and Mrs. Neil DePamphilis announced the doll, "Miss Beta Sigma Phi" on display in the window of Sue's Specialty Shop. All members were assigned time to be on duty to take donations for the project. Among other business the group voted a donation to the TB fund.

Mrs. J. H. Livingston, Jr., was in charge of program and gave an interesting talk on the sub-

ject "Awareness of Blessings." It was announced the next meeting will be conducted at the home of Mrs. A. B. DeGraw, Mrs. Mendal Luce will have presented.

OES Holds Annual Memorial Services

Order Eastern Star, Chapter No. 197 met at the Masonic Hall in Pahokee Thursday night with Mrs. Robert J. Allen, Jr. presiding in the absence of Mrs. Ella Pennington, worthy matron, who was ill.

The chapter held annual memorial services in memory of departed members with the assistant conductress, secretary, treasurer, marshal, Star points, and chaplain participating under the direction of Mrs. W. J. Norris.

Reports were heard on the recent rummage sale, fruit cake sale, banquet put on by the chapter for the Grand Master of the Masonic home and other guests, and progress of new Masonic building.

It was voted to not have the gift exchange at Christmas but to bring a gift for the new kitchen at the Masonic Building. Among other business they voted to purchase a TB bond.

Refreshments were served the committee, Mrs. Gladys McDonald, Mrs. Winnie Roberts, Mrs. Katherine Harris and Mrs. Mame Smith.

Duplicate Bridge Club

Winners of Duplicate Bridge Club in play Tuesday, p. m. Nov. 17 at J. Mark Fish Camp were first: Mildred Challanch, Bee Wood; second: Peggy Wedgworth, Frances Ball; third: Carl Weeks, Mai Rita Zumpf; fourth: Alice Nixon, Mildred Tillery.

James Hartley Succumbs At 84

Funeral services were conducted at William Wetherington Chapel Friday at 3 p. m. for James W. R. Hartley, 84, who passed away Tuesday night at Belle Glade Memorial Hospital. Elder Fred Robbins pastor of the First Independent Missionary Baptist Church of Chosen officiated. Graveside rites and interment were at Dublin, Ga.

Mrs. Hartley had made his home with his daughter, Mrs. Pearl Webster, 554 S. W. 2nd St. A native of Washington County Georgia, he came to Belle Glade 15 years ago. He was a member of Woodman of the World and was affiliated with the First Baptist Church, Sandersville, Ga.

He is survived by one daughter, Mrs. Webster.

A song title we like is "Meet Me At Special Place, and I'll Be There At No Special Time." We mean to attend, having no real occasion to. —St. Louis Post-Dispatch.

Mrs. Giese Elected President Of HDC

Mrs. Milton Giese was elected president of the Home Demonstration Club at the monthly meeting conducted at the home of Mrs. Walter Hooker at Chosen Thursday morning.

Also elected for the new year were Mrs. Paul Kirchman, vice president and Mrs. Dean Alford, secretary-treasurer.

The group made plans for the Christmas party slated for Dec. 17 and for next year's program on "Food and Nutrition." The program presented by Mrs. La Pinto was "Making Use Of Your Time."

Refreshments were served by the hostess to eight members present.

THANKSGIVING

By Mrs. E. H. Browning

"Giving Thanks Always for All Things unto God and the Father in the name of our Lord Jesus Christ..." Eph. 5:20

To extend to everyone a blessed Thanksgiving... a Thanksgiving that is more than just a national holiday... but more a Thanksgiving that enlarges the soul and spirit to the giving of thanks at all times. In the Bible there is no day called Thanksgiving... it was an act for every day, "In everything give thanks." Our Thanksgiving Greeting Card reads: "O God, our Father, so temper our spirits and keep them alert to all Thy benefits that we may give Thee thanks always for all things." May every day of the year for each of us be filled with gratitude as we work, play, live and love together, in our homes and in our community.

QUADRICENTENNIAL EXHIBIT — Florida's vegetable and tropical fruit production is represented at the Florida Quadracentennial Festival at Pensacola with this factual display showing varieties and methods of harvesting and shipping. The display points out that most Eastern and Western markets are within 36 hours shipping time from Florida which results in fresher vegetables and fruits for the consumer. The display was prepared under the direction of the Florida Fruit & Vegetable Association.

First Reports On TB Campaign

The total of the 53rd Annual Christmas Seal Campaign is \$11,219.16 at the end of the first week, according to Emmett S. Roberts, Belle Glade County Seal Campaign Chairman, of the Palm Beach County Tuberculosis and Health Association.

Mr. Roberts expressed appreciation to those persons who answered their Christmas Seal letters promptly and urged others to respond as generously as they can.

He said, "Christmas Seal Campaign is the sole support of the Association's year round program of Education, Research Service to Patients, and Case Finding. What the people give determines the extent of the program next year. We hope to be able to hold the gains we have made and make further progress against this catching disease in this area."

The totals from the towns in the Glades are as follows: Pahokee, \$67.00; Loxahatchee, \$45.00; Belle Glade, \$162.00; Lake Harbor, \$14.00; South Bay, \$72.00; Canal Point, \$51.00 and Pelican Lake \$8.00.
